7. Adult Education Programme
Address: Bara Bazaar OoSC Centre

It has been a major success of the OoSC Centre where the impact of education has forced the women folk to take a stand to educate them and learn to read and write.

The whole scenario is very satisfying and pleasing to watch when the slum women mostly the mothers of the OoSC coming to the Centre with a request to allow them to sit in the class to learn.

It was revealed that their children attending OoSC have encouraged their parents to enroll their names too in OoSC centre and educate them. Thus, SPARK OoSC Centre has arranged a special one hour classes for the mothers of the OoSC where it is amazing to see that these OoSC are helping their mothers to learn.
The whole idea is to enhance the education level among the children in the slum encouraging each one to teach one. It is considered a special programme where both mother and child are encouraged and motivated in this whole teaching learning process.

So far the programme is very successful with acknowledgement of the importance of education among the slum dwellers.
